openhouse

✦ art & design ✦

your portfolio of the openhouse experience

ages 8-12

part 1

what is this book?

In an **art class** you make and play in three ways:

games

play that grows your skills

big artworks

real projects you make in
class

small artworks

quick practice, one a
class

this book

All three grow your **five skills**.

This book is your **small-artwork practice**. Next: your skills, then what's inside, then how to use it.

the skills

the skills & their outcomes

Five skills. Each grows through four **learning outcomes** (the steps below).

line & texture

uses different line types with control → observes and draws textures from real objects
→ uses hatching/cross-hatching/stippling to build texture →

creates multi-layered artworks where texture is a compositional choice

◆ **shape & form**

identifies and draws basic 3d forms →
combines shapes with recognisable proportions → observes proportions and adjusts
→ **creates complex compositions with accurate forms**

colour & painting

mixes to produce tertiary colours → uses layering for gradients/highlights/shadows →
uses colour to show depth (warm advances cool recedes) →
chooses and justifies a palette for specific mood

balance & composition

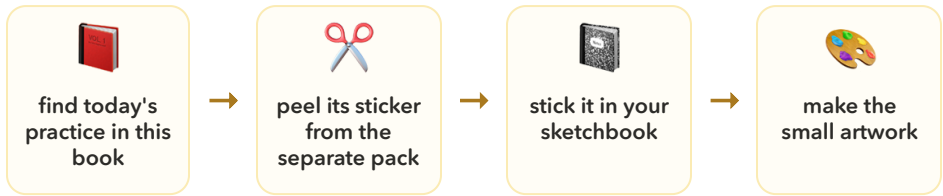

uses size and placement for visual balance →
creates foreground/middle ground/background with intention →
uses overlap/spacing/perspective for depth →
uses contrast to draw eye to focal point

imagination & collaboration

creates detailed drawings from imagination →
combines materials and techniques intentionally →
works with others on creative differences →
makes intentional choices and articulates why

On **every unit** you practise all five skills, then make its big artwork. Each skill comes back on every unit – a little further each time (spiral).

how to use this book

one small artwork a class

60 small practice artworks – five skills + a masterpiece on every big artwork. you make each in your own sketchbook.

your portfolio keeps both

your small artworks (from here) and your big artworks go into your portfolio together.

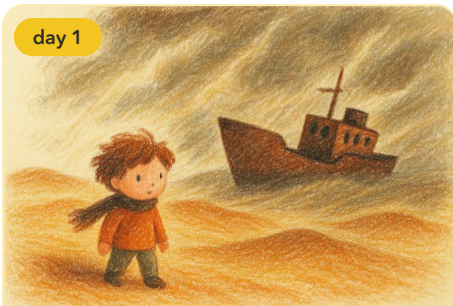

the stickers are separate

the peel-off stickers are in their own pack, split into part 1 and part 2 like this book.

your practice exercises · one small artwork a class

peel the sticker → make it in your sketchbook

day 1

⇒ line & texture

learning outcome · observes and draws textures from real objects

Design a book cover for a rough place – build its whole surface in hatching or stippling.

day 2

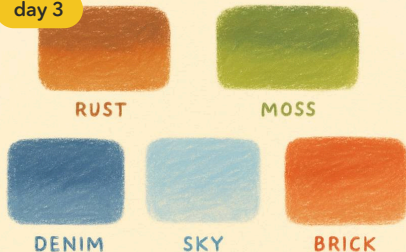

◆ shape & form

learning outcome · observes proportions and adjusts

Draw one real textured object – get its proportions right, then build its surface.

day 3

🌈 colour & painting

learning outcome · uses layering for gradients/highlights/shadows

Layer two oil-pastel colours in five swatches – name the surface each one becomes.

day 4

⚖ balance & composition

learning outcome · uses contrast to draw eye to focal point

Make a poster – busy marks around the title, calm empty space everywhere else.

your practice exercises · one small artwork a class

peel the sticker → make it in your sketchbook

day 5

✨ **imagination & collaboration**

learning outcome · makes intentional choices and articulates why

Invent a planet's surface – give it three named textures, each a deliberate mark.

day 6

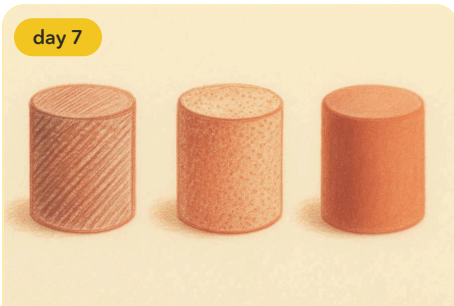

the big artwork

Build an **invented landscape with dramatic lighting** – every mark a choice.

an invented landscape with dramatic lighting · oil pastels

day 7

⇒ **line & texture**

learning outcome · uses hatching/cross-hatching/stippling to build texture

Shade one cylinder three ways – keep the marks that make it look most solid.

day 8

◆ **shape & form**

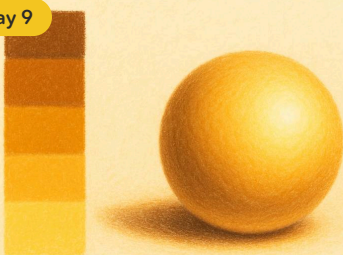

learning outcome · identifies and draws basic 3d forms

Draw a packet from a shelf as a solid form – one light source, one shadow side.

your practice exercises · one small artwork a class

peel the sticker → make it in your sketchbook

day 9

 colour & painting

learning outcome · uses layering for gradients/highlights/shadows

Shade a sphere from light to dark in layers until it looks round and glowing.

day 10

 balance & composition

learning outcome · uses size and placement for visual balance

Arrange three objects until the group looks balanced – then draw that setup.

day 11

 imagination & collaboration

learning outcome · combines materials and techniques intentionally

Invent an impossible object that still looks solid – real light, real shadow.

day 12

the big artwork

Draw a **group of geometric objects** – one light, real volume.

a group of geometric objects with clear light and shadow · oil pastels

your practice exercises · one small artwork a class

peel the sticker → make it in your sketchbook

day 13

⇒ **line & texture**

learning outcome · uses different line types with control

Paint rain or grasses as dry-brush lines over a wet wash.

day 14

◆ **shape & form**

learning outcome · observes proportions and adjusts

Paint a still life of three objects – check the proportions and adjust as you go.

day 15

🌈 **colour & painting**

learning outcome · chooses and justifies a palette for specific mood

Mix a palette for one mood – paint the swatches, and write why each colour fits.

day 16

⚖️ **balance & composition**

learning outcome · uses contrast to draw eye to focal point

Paint a poster in one colour only – full light-to-dark range, darkest where the eye should land.

your practice exercises · one small artwork a class

peel the sticker → make it in your sketchbook

day 17

✨ **imagination & collaboration**

learning outcome · makes intentional choices and articulates why

Invent a country's flag – every colour means something; write down each meaning.

day 18

the big artwork

Invent a creature and paint it **lightest to darkest in one colour**.

an invented creature explored from lightest to darkest in one colour · watercolour

day 19

⇒ **line & texture**

learning outcome · creates multi-layered artworks where texture is a compositional choice

Give each part of a scene its own mark – sharp in front, faint far behind.

day 20

◆ **shape & form**

learning outcome · creates complex compositions with accurate forms

Build a skyline from flat painted shapes – adjust them until it reads true.

your practice exercises · one small artwork a class

peel the sticker → make it in your sketchbook

day 21

 colour & painting

learning outcome · uses colour to show depth (warm advances cool recedes)

Paint a street with depth – warm colours in front, cool colours behind.

day 22

 balance & composition

learning outcome · creates foreground/middle ground/background with intention

Design a poster with a foreground, middle and background – use contrast to steer the eye.

day 23

 imagination & collaboration

learning outcome · creates detailed drawings from imagination

Storyboard an invented world in three frames – compose each one differently on purpose.

day 24

the big artwork

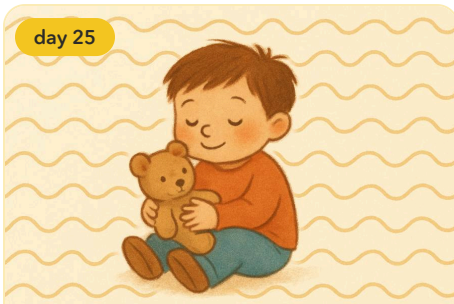

Compose an **invented world reaching for something** – clear depth, clear focal point.

an invented world where everything strives to reach something · watercolour · mixed media

your practice exercises · one small artwork a class

peel the sticker → make it in your sketchbook

day 25

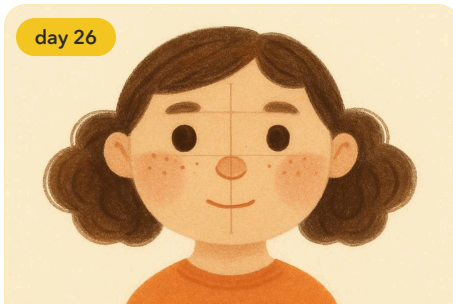

⇒ line & texture

learning outcome · uses different line types with control

Fill a portrait's background with a pattern built from one repeated line.

day 26

◆ shape & form

learning outcome · combines shapes with recognisable proportions

Map a face by its proportions first – then adjust to the real face you see.

day 27

🌈 colour & painting

learning outcome · mixes to produce tertiary colours

Paint a portrait using just three colours – mix all the rest, and justify your three.

day 28

⚖ balance & composition

learning outcome · uses contrast to draw eye to focal point

Choose your portrait's focal point – build contrast so we look there first.

your practice exercises · one small artwork a class

peel the sticker → make it in your sketchbook

day 29

✦ ✦ **imagination & collaboration**

learning outcome · works with others on creative differences

Plan one artwork as a group – split the work, and settle one disagreement together.

day 30

the big artwork

Make a **portrait of an invented person** – defend every choice.

a portrait of an invented person in this style · mixed media

On **every unit** you practise all five skills, then make its big artwork. Each skill comes back on every unit – a little further each time (spiral).

how to use this book

how to use this book

one small artwork a class

60 small practice artworks – five skills + a masterpiece on every big artwork. you make each in your own sketchbook.

your portfolio keeps both

your small artworks (from here) and your big artworks go into your portfolio together.

the stickers are separate

the peel-off stickers are in their own pack, split into part 1 and part 2 like this book.

your practice exercises · one small artwork a class

peel the sticker → make it in your sketchbook

day 31

⇒ **line & texture**

learning outcome · creates multi-layered artworks where texture is a compositional choice

Make a sky move with bold directional strokes – then name its mood.

day 32

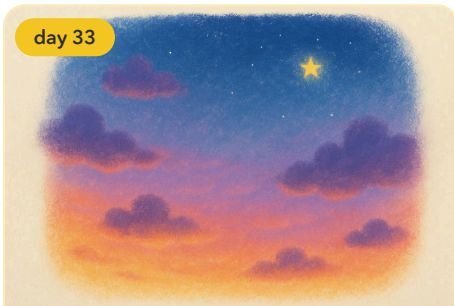

◆ **shape & form**

learning outcome · creates complex compositions with accurate forms

Silhouette a skyline against your glowing sky – keep the proportions true.

day 33

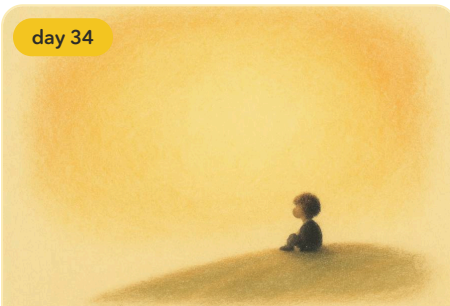

🌈 **colour & painting**

learning outcome · chooses and justifies a palette for specific mood

Blend a film-poster sky for a strong mood – and justify your palette.

day 34

⚖️ **balance & composition**

learning outcome · uses size and placement for visual balance

Place one small subject in a huge sky – balance the whole page.

your practice exercises · one small artwork a class

peel the sticker → make it in your sketchbook

day 35

✨ **imagination & collaboration**

learning outcome · makes intentional choices and articulates why

Invent another planet's sky – and explain what makes its colours.

day 36

the big artwork

Invent a **planet's sky** – layered, luminous, moving.

an invented sky on a planet with different atmospheric colours · chalk pastels

day 37 · revisit

⇒ **line & texture**

learning outcome · observes and draws textures from real objects

Design a book cover for a rough place – build its whole surface in hatching or stippling.

day 38 · revisit

◆ **shape & form**

learning outcome · observes proportions and adjusts

Draw one real textured object – get its proportions right, then build its surface.

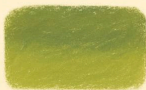

your practice exercises · one small artwork a class

peel the sticker → make it in your sketchbook

day 39 · revisit

RUST

MOSS

DENIM

SKY

BRICK

colour & painting

learning outcome · uses layering for gradients/highlights/shadows

Layer two oil-pastel colours in five swatches – name the surface each one becomes.

day 40 · revisit

balance & composition

learning outcome · uses contrast to draw eye to focal point

Make a poster – busy marks around the title, calm empty space everywhere else.

day 41 · revisit

imagination & collaboration

learning outcome · makes intentional choices and articulates why

Invent a planet's surface – give it three named textures, each a deliberate mark.

day 42 · revisit

the big artwork

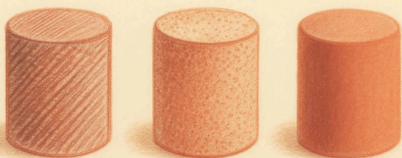

Build an **invented landscape with dramatic lighting** – every mark a choice.

an invented landscape with dramatic lighting · oil pastels

your practice exercises · one small artwork a class

peel the sticker → make it in your sketchbook

day 43 · revisit

⇒ line & texture

learning outcome · uses hatching/cross-hatching/stippling to build texture

Shade one cylinder three ways – keep the marks that make it look most solid.

day 44 · revisit

◆ shape & form

learning outcome · identifies and draws basic 3d forms

Draw a packet from a shelf as a solid form – one light source, one shadow side.

day 45 · revisit

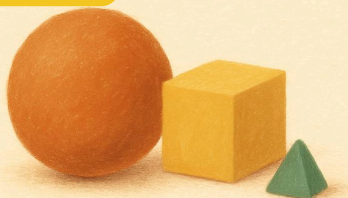

🌈 colour & painting

learning outcome · uses layering for gradients/highlights/shadows

Shade a sphere from light to dark in layers until it looks round and glowing.

day 46 · revisit

⚖ balance & composition

learning outcome · uses size and placement for visual balance

Arrange three objects until the group looks balanced – then draw that setup.

your practice exercises · one small artwork a class

peel the sticker → make it in your sketchbook

day 47 · revisit

✨ **imagination & collaboration**

learning outcome · combines materials and techniques intentionally

Invent an impossible object that still looks solid – real light, real shadow.

day 48 · revisit

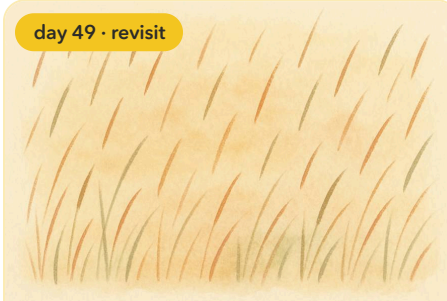

the big artwork

Draw a **group of geometric objects** – one light, real volume.

a group of geometric objects with clear light and shadow · oil pastels

day 49 · revisit

⇒ **line & texture**

learning outcome · uses different line types with control

Paint rain or grasses as dry-brush lines over a wet wash.

day 50 · revisit

◆ **shape & form**

learning outcome · observes proportions and adjusts

Paint a still life of three objects – check the proportions and adjust as you go.

your practice exercises · one small artwork a class

peel the sticker → make it in your sketchbook

day 51 · revisit

 colour & painting

learning outcome · chooses and justifies a palette for specific mood

Mix a palette for one mood – paint the swatches, and write why each colour fits.

day 52 · revisit

 balance & composition

learning outcome · uses contrast to draw eye to focal point

Paint a poster in one colour only – full light-to-dark range, darkest where the eye should land.

day 53 · revisit

 imagination & collaboration

learning outcome · makes intentional choices and articulates why

Invent a country's flag – every colour means something; write down each meaning.

day 54 · revisit

the big artwork

Invent a creature and paint it **lightest to darkest in one colour**.

an invented creature explored from lightest to darkest in one colour · watercolour

your practice exercises · one small artwork a class

peel the sticker → make it in your sketchbook

day 55 · revisit

⇒ line & texture

learning outcome · creates multi-layered artworks where texture is a compositional choice

Give each part of a scene its own mark – sharp in front, faint far behind.

day 56 · revisit

◆ shape & form

learning outcome · creates complex compositions with accurate forms

Build a skyline from flat painted shapes – adjust them until it reads true.

day 57 · revisit

🌈 colour & painting

learning outcome · uses colour to show depth (warm advances cool recedes)

Paint a street with depth – warm colours in front, cool colours behind.

day 58 · revisit

⚖ balance & composition

learning outcome · creates foreground/middle ground/background with intention

Design a poster with a foreground, middle and background – use contrast to steer the eye.

your practice exercises · one small artwork a class

peel the sticker → make it in your sketchbook

day 59 · revisit

✨ **imagination & collaboration**

learning outcome · creates detailed drawings from imagination

Storyboard an invented world in three frames – compose each one differently on purpose.

day 60 · revisit

the big artwork

Compose an **invented world reaching for something** – clear depth, clear focal point.

an invented world where everything strives to reach something · watercolour · mixed media
